INNC 90 1990: Volume 2: International Neural Network Conference : Papers and Abstracts (Paperback)

By International Neural Network Society

Kluwer Academic Publishers, United States, 1990. Paperback. Book Condition: New. 1990 ed.. 279 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.Neural Networks have been the theater of a dramatic increase of activities in the last five years. The interest of mixing results from fields as different as neurobiology, physics (spin glass theory), mathematics (linear algebra, statistics .), computer science (software engineering, hardware architectures .) or psychology has attracted a large number of researchers to the field. The perspective of dramatic improvements in many applications has lead important companies to launch new neural network programs and start-ups have mushroomed to address this new market. Throughout the world large programs are being set-up: in Japan the government has committed more than $18 million per year to its 20 year Human Frontier Science program; the DARPA and the US Navy have alloted more than $10 million per year each and other US government agencies are contributing to important but less ambitious programs. Neural networks are also a major research are in the supercomputing initiative. Europe has from the beginning taken an active part in funding major projects in the new field with BRAIN, BRA, ANNIE and PYGMALION...
