Bateleur Resources Limited, United States, 2010. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.A group of wise men have found a tiny clue to an emerging hypothesis that there existed a deliberate design, somewhere on the face of the planet Mars. If this is found to be true, then they would have a reason to suspect that a legion of superior creatures once lived on Mars. Series of identical formations were also found on the surface of a rock in one undisclosed location in England. These symbols appear to have been carefully crafted by some super intelligent population many million years ago. Should there be a semantic relationship between them, scholars would purport that these ancient beings once visited the earth. Nations work to uncover the mystery symbol that is known to have formed in a prebiological time. They might be diving beyond the waters of science. After several failed attempts at securing the doctorate in a Russian University, Chekhov had ended up establishing a private laboratory where he encouraged himself more about the authenticity of the findings that his mentor always felt ashamed or afraid to discuss. He had relocated to Abuja at the instance of the Institute for Special Studies, after several correspondences. He couldn t have been so recognized but for the compelling resemblance his work bore with those of a few local researchers. His story as a controversial scientist had started in his days at the Timeline laboratory in Moscow where in 2000 he worked as a keeper. He was said to have stolen highly confidential materials from the place, but failing to understand the use. He worked hard to find his truth for he was convinced that a great answer lay in the cryptogram,...
