Brand New Book ***** Print on Demand *****.Fifty percent of what children need to know is learned between birth and the age of six. These first years of a child s life forge a permanent impact on their future. In The Visone Method, authors Carmine and Phyllis Visone provide parents and teachers with a comprehensive, innovative understanding of how a child s learning develops in the early years. Step-by-step, the method identifies the most credible procedures for each stage of development. This contemporary early childhood education method intertwines research-based theory, educational best practices, a dose of common sense, and a positive school environment to guide children three months old through second grade. The Visone Method-a behaviorist philosophy that builds self-esteem-considers the whole child. It balances music, drama, and motor skill activities with high-level academic learning in a fun environment. The Visone Method fosters an active love of learning by providing experiences that enable all students to achieve a strong foundation during early childhood. It treats every day as a celebration of life and learning because what a growing child learns today will be with...
