PostScript Publications. Paperback. Book Condition: New. Paperback. 366 pages. This is the true story of the heart-wrenching struggle for survival, devastating financial loss, and the power of hope that comes with extremely premature babies born nearly four months early. The twin babies arrived at 24 weeks gestation and each weighed a pound. Imagine that, the same as six sticks of butter! Its a riveting story of despair and tragedy, joy and laughter. I couldnt put it down and I hope you find it the same way. . . perhaps just not so late into the wee hours of the night. Re-told from journals, the story unfolds like a medical-mystery. Will the twins survive Will they have devastating disabilities The breath-taking pace of life-altering decisions in a Neonatal Intensive Care setting is like witnessing an accident--one you cant bear to watch and yet so compelling you cant look away. Follow the roller-coaster ride through heroics, medical miracles, unrelenting fear, and heart-warming joy. The events of this true story will make you cry. Youll be appalled at the insensitivity of some towards this young family. Youll be angry at the gall of insurance companies that use fine print to deny coverage for certain medical treatments. And youll rejoice with the miracle of life fought for and won. With less than a 20 chance of survival at birth, the doctors warned; If the babies manage to survive, they have an 80 chance of debilitating issues--including cerebral palsy, breathing issues, and severe learning disabilities. The second edition of A Pound of Hope adds the much awaited five-year look back on this harrowing start in life. Read the unexpected outcome (I wont spoil the surprise here!) of these one-pound miracle babies. The backdrop setting for this story of survival is one of financial disaster. This...
