O Reilly Media, Inc, USA, United States, 2008. Paperback. Book Condition: New. 2nd Revised edition. 229 x 180 mm. Language: English . Brand New Book. The book has complete, up-to-date coverage of 3.5, Microsoft s newest release of the world s most popular web development technology; AJAX is taught as an integrated facet of from the very start. With this book, you will learn how to create engaging and interactive web applications using the latest version of the world s most popular web development platform: with AJAX, built on the productivity-enhancing features of Visual Studio 2008. All you need to get started is a basic knowledge of HTML and a desire to produce professional quality websites. Learning 3.5 introduces new skills in each new chapter and offers fully annotated and fully functional examples that you can put to work immediately. Each chapter adds detailed summaries, practice questions to ensure comprehension, and exercises so you can apply what you ve learned to new situations.Written by the bestselling author team of Jesse Liberty, Dan Hurwitz, and Brian MacDonald, Learning 3.5 offers complete, up-to-date coverage of 3.5 and AJAX. The book includes chapters that are designed as a series of tutorials on different aspects of web development; and examples in each chapter that illustrate how a new concept works. Different chapters feature either a single running example with several stages, or a series of smaller examples. A single large example in the final chapter offers information that uses everything the reader has learned. It includes VB, JavaScript, and SQL Cheat Sheet sidebars to help readers with no little or no background with those topics. AJAX-style is fully integrated into programming - the way it should be taught and used. If you want to get up to speed with the world s most popular...
